SAASPASS

Cofounder and Chief Technology Officer

January 2012 - April 2019 (7 years 4 months)

San Francisco Bay Area

I started with SAASPASS from the start with coming up with the idea and researching how visible it is. I managed the whole stages of this product/ software development life cycle, DevOps, cloud/on-prem integrations and the live operations/maintenance.

In brief:

Windows, Mac OS X, Unix and Linux

System Architecture

On-prem integration and deployment

Cloud Computing, deployment and hosting (Google Cloud Platform (GCP),

Amazon Web Services (AWS))

Containers such as Kubernetes

Virtualization and VDI technologies
Agile/Scrum and PMP Project management
Databases design and development (SQL)
Software Analysis, Architecture and Technical research
Software Development and management in Java EE, Node.js,
React js, C++, Objective-C, .Net, PHP, Python

Aradiom

Chief Technology Officer

September 2007 - December 2011 (4 years 4 months)

Istanbul, Turkey
