# Aymen Bennabi

Software Developer | Senior @SAU  
Sakarya, Türkiye

## Summary

Hello, world! I'm Aymen, a highly motivated senior computer engineering student with over 2 years of experience in software development. I have a deep understanding of a range of technologies including JavaScript, Typescript, React, React Native, Node.js, Express, GraphQL, Python, Flask, FastAPI, Docker, Kubernetes, Git/GitHub etc.

As a passionate technology enthusiast, I'm always excited to use my knowledge and expertise to solve real-world problems through innovative solutions. I'm constantly seeking new opportunities to improve and expand my skillset and am enthusiastic about taking on new challenges.

With a collaborative approach and excellent communication skills, I've developed a proven track record of delivering high-quality results in both individual and team settings. I firmly believe that building strong relationships is the key to success in any field.

If you'd like to learn more about my experience and skills or connect with me, please don't hesitate to reach out. I'm excited to explore new opportunities and engage with like-minded professionals. Thank you for taking the time to read my profile, and I look forward to hearing from you!
